

Big Brothers Big Sisters
of the Inland Northwest

START SOMETHING BIG.

It's our 50th year in the Inland Northwest!

With the help of our great community partners over the last 50 years, Big Brothers Big Sisters of the Inland Northwest has matched over 10,000 kids in our community to an adult mentor. Our goal is to provide youth in adverse situations with the extra support they need to make successful choices and gain different perspectives. Having a Big Brother or Big Sister through our program develops positive relationships that have a direct and lasting effect on the lives of young people, their families, as well as our volunteer mentors.

Our Mission:

Big Brothers Big Sisters provides children facing adversity with strong and enduring, professionally supported one-to-one relationships that change their lives for the better, forever.

Our Accountability:

We work together with parents/guardians, volunteers, and others in the community to ensure that children in our area receive the support they need to make better decisions, achieve higher aspirations, and build greater self confidence. We focus on the avoidance of risky behaviors and emphasize educational success while striving to maintain strong positive relationships.
